

Metallic Cartridge Reloading Clinic

October 6, 2018 at the Brokenlock Range

Hosted by Nathan Farver and Dave Swartz this clinic is open to all members and their guests. This will be held in the new building so please bring a lawn chair.

Start time: 10 AM

Lunch time: 12 noon to 1 PM we will be serving grilled hot dogs

End time: 3 PM ish

Nathan and Dave will be going over the reloading of a metallic cartridge from out of the box new to the fired case. That covers sizing, trimming, priming, charging, and bullet seating.

We will be covering;

Types of presses

Types of dies

Trimming tools

Priming tools

Dial calipers

Over All Length gauge

Concentricity gauge

And much more

So please plan to attend, and hopefully we can show you that it's not all voodoo magic and mirrors.
